

# Marketing Strategy Grill Master

# Introduction

Our project focuses on promoting a new burger concept that stands out with its creative design, original flavors, and unique presentation.

The goal is to build a recognizable brand identity and attract customers through engaging digital marketing.

# Target Audience

- Age: **16–45** years
- Interests: Fast food, social media trends, creative food experiences
- Platforms used: Instagram, Facebook, Google, YouTube

# Campaign Objective

Increase awareness of the burger brand and drive more engagement on social media.

**Goal:** Reach 10,000 views and 1,000 interactions within the first month.

# Platforms Used

- **Google Ads:** to appear on food-related searches
- **Instagram & Facebook.... Posts & Stories:** to build brand personality and visual appeal
- **Reels (created by me):** to attract attention through motion and sound
- **Logo Design:** to build visual identity

# Key Message

“Not just a burger — it’s an experience!”

The campaign focuses on the feeling of freshness, creativity, and quality.

# Strategy Plan

| Example                                                                                                        | Goal                                                                                                                                     | Content Type                                                                                                        | platform                                                                                                  |
|----------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------|
| Short catchy headlines<br>"Guess what's inside?"<br>"Handcrafted, juicy,<br>and bold."<br>My burger reel video | Reach people searching<br>for<br>"best burger near me"<br><br>Increase curiosity<br><br>Build trust and identity<br><br>Boost engagement | Display Ads<br><br>Behind-the-scenes &<br>offers<br><br>Product photos + captions<br><br>Trend-based creative video | Google Ads<br><br><b>Instagram &amp; Facebook:</b><br><br>Stories<br><br>Posts<br><br>Reels<br><br>Ads... |

# KPIs (Results Expected)

- Engagement rate: 10%+
- Followers increase: +20% in a month
- Ad click-through rate (CTR): 5%
- Video reach: 10K+

# GRILL MASTER

## Conclusion

This strategy combines creativity and data-driven marketing to make the burger brand memorable.

The focus is on consistency in visuals, tone, and message across all platforms.
